## Away with the Darning Basket

A well known mother wrote us recently: "I call your store 'darning saving headquarters' since you induced me to buy **Wanderhose** first for my son; next for his sister; then I bought a box for my husband, and now I am wearing them myself. They save me money, time and patience and are so comfortable and stylish that I am grateful to you for recommending them to me and my entire family."

Mother, buy your boy a box of **Wanderhose**—that will be a good test. We have them in all sizes. If four pairs wear out in heel, toe or sole in four months you get new ones free.

## WILSON SHAKES THINGS UP

WILL NOT BE BOTHERED WITH OFFICE SEEKERS—SMALL CHANCE FOR REACTIONARIES.

Washington, March 5.—The Democratic politicians who threw up their hats at the inaugural address of President Wilson yesterday, under the impression that it was only a fine piece of rhetoric, met a great disillusionment this morning when President Wilson took charge of affairs in the executive offices of the government and issued official Order No. 1, to the effect that he will not receive personal visits from applicants for office, except on invitation from the president, but that all questions of filling federal offices must be settled by the heads of the departments under which the applicants would serve.

As the cabinet is composed of progressive Democrats only, this is supposed to insure in the main government offices only men who are progressive, and proved a shock to the reactionary Democratic Congressmen who recommended only reactionaries for appointment to the exclusion of men who supported the progressive wing of the party in the National campaign for the nomination.

The second jolt which the office-seeking visitors and their Congressional backers received was official Order No. 2 which is known as the "cards upon the table" order, and which is to the effect that every day Mr. Tumulty, secretary to the president, will announce to the newspaper correspondents the list of all of the president's callers and a statement of the business upon which they came and in whose support they pleaded.

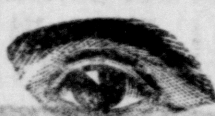

Thus, boldly outlining its attitude on the patronage question, the Wilson administration entered upon its momentous task actively and energetically.

## MILITIAMAN MUST SERVE SENTENCE

Austin, Tex., March 5.—The court of Criminal Appeals today affirmed the case of J. D. Manley, Ellis County, charged and convicted of murder in the second degree, and sentenced to forty years in the penitentiary. The case has been one of state wide interest, owing to the circumstances that led up to the committing of the murder.

Manley was a sergeant in Company E, Third Infantry, Dallas National Guards, and had been placed on guard at a prominent street crossing in that city upon the occasion of the visit of President Taft. The street had been roped off and efforts were made to keep the crowds back of a certain restricted area. Manley was ordered to keep pedestrians, etc., back of the ropes and wires.

Louis Richenstein, the deceased, and a friend, asked permission to cross and was refused by Manley. Richenstein is said to have made the statement to Manley, "That is a fine

way for a soldier to act," whereupon Manley ran him through with his bayonet. Death resulted shortly afterward. Upon the grounds that the state court had no jurisdiction to try such an offense and upon claims of accidental thrusting of the bayonet and an alleged movement of Richenstein to his hip pocket, an appeal was made to the Court of Criminal Appeals. The defense for Manley alleged that the gun was caught in the wire and after having been placed previously at the position of "Bayonet charge" the efforts to release the gun and the sudden loosening from the wire caused the thrust to be made. The court however held that the evidence did not justify the charge.

## TEXAS AFTER THE OIL OCTOPUS AGAIN

WANTS NEARLY \$100,000,000 PENALTIES FROM STANDARD OIL AND OTHERS.

Greenville, Tex., March 5.—Following a conference in this city today, the state of Texas filed an ouster and forfeiture of charter suit against the Standard Oil Company of New York, the Standard Oil Company of New Jersey, the Magnolia Petroleum Company, the Corsicana Petroleum Company, the Security Oil Company, the Navarro Refining Company and others, seeking to restrain them from doing business in Texas.

The petition also asks for the appointment of a receiver and the issuance of a restraining order to prevent the disposal of properties in the jurisdiction of Texas and for penalties aggregating \$99,375,000.

### KANSAS SENATE PASSES

#### DRASTIC LIQUOR BILL

TOPEKA, March 6.—The senate today, by a vote of 33 to 2, passed the bill by Senator Mahin of Smith, which requires that liquor shipments into the state shall be made a matter of public record. Authority to enact this legislation is granted under the Webb bill recently passed by congress which gives prohibition states regulation of liquors shipped into them.

Under the terms of the bill it is made the duty of every railroad company, express company or other common carrier or person or company carrying intoxicating liquors into this state to file with the county clerk within three days after delivery a statement giving the date of the delivery of the liquor, the name and postoffice addresses of consigner and

consignee; the place of delivery, and who received it, and the kind and amount of liquor delivered.

The county clerk is to make these statements a part of the files of his office, and any person desiring to look at them may do so. Should any one person be receiving large shipments of liquor at frequent intervals, the county attorney may investigate and see if it is being sold by the recipient in violation of the law.

The person receiving shipments of liquor must give his name, that he is of age, that the liquor was shipped to him, and that it is for his own use. No liquor may be delivered to minors. All consignments must bear the label: "This package contains liquor."

Let the News WANT COLUMN be your agent. Results are sure.

## THE LAW SAYS:

"We guarantee your money against loss if deposited in the FARMERS STATE BANK of Ada, because the Guaranty Law is backing that bank."

From the County Jail.

The inmates of the county jail are very thankful to Mrs. Julia Fleming for the strawberry preserves, jellies, canned peaches and sweet pickled peaches and other things she has had brought to us. These fruits were put up by Mrs. Fleming herself and we firmly believe cannot be surpassed by any one in Pontotoc county. Come again Mrs. Fleming.

## CEMENT BRICK PLANT FOR ADA

WILL HAVE CAPACITY OF 40,000 BRICK DAILY. EMPLOYS TEN MEN

Sometime ago the Commercial Club appointed W. L. Reed, R. E. Blanks and George L. Kice to confer with W. L. Van Zant of Oklahoma City relative to the establishment a cement brick and tile factory at Ada. The efforts of the committee have been crowned with success, and probably within 60 days the new industry, employing ten men, will be in operation.

The company will be composed largely of Pontotoc county men, the following being stockholders: — McKelvey of Roff, Jas. Evans of Vanoss, Oscar Lamb, Vanoss, W. L. Walker, Roff, Arthur Evans, Stratford. The official title of the concern will be Pontotoc Brick, Tile and Stone Co. The inventor of the machine, W. L. Van Zant, will be the general manager.

The machine is something entirely new. It has a capacity of 40,000 brick per day, and is also equipped to manufacture tiling, blocks and ornamental features. The machine itself is said to weigh fifty tons.

The site has not been definitely fixed, although the committee has two or three under consideration.

## KERN WILL LEAD DEMOCRATS OF SENATE

Washington, D. C.,—When the democrats of the new senate met in caucus to elect a chairman today there was no opposition to John W. Kern of Indiana.

Senator Martin of Virginia, the retiring democratic leader, declared recently that he was glad to lay down the responsibilities of the office.

The republican senators in caucus selected Gallinger of New Hampshire as chairman and floor leader. Senator LaFollette was present in the republican caucus, but Bistow, Poindexter and Clapp, progressives, were absent.

The democratic members of the house also held a caucus today. Burleson's successor as chairman is A. Palmer Mitchell of Pennsylvania, who is closely identified with the Wilson administration.

The "investigation" the authorities of Mexico promised to make concerning the killing of Madero and Suarez resulted in the promotion of the officers in command of the guard when the murders took place.

It has been suggested that the commercial club take up the matter of establishing a market place in the city. Such a move is in the right direction, for a regular market place would prove a very convenient arrangement for both buyer and seller. It would be well to discuss this at the next movement at the next meeting of the club.

Talking about improved farming methods paying, we are in receipt of a letter from an old time friend, Guy H. Norris of Anderson, S. C., who claims the championship of that state in raising corn. When he left college eleven years ago Mr. Norris taught school a year, then accepted a position in a big cotton mill, taking up farming as a side line. In 1912 he made 142 bushels of corn on one acre, and the year previous he made 114 bushels.

**A BERTH FOR CAPT. BILL.**  
Captain Bill McDonald, of Texas, will, in all probability, be appointed marshal of the District of Columbia. The place is a good one, and Captain Bill deserves a good place.—Denison Herald.

You are eminently correct. Capt. Bill has spent most of his life running bad men to earth and was a most potent factor in ridding Texas of undesirable characters and making all sections of the state more attractive for the better class of immigrants. Now in his old age he is certainly entitled to an easier job.

It is said that the downfall of one of the Oklahoma state officers forced out of office by the legislature was due to a passion for gambling. As a result the card sharps of Oklahoma City kept his pockets picked clean, necessitating his resorting to crook-

ed methods of raising more funds which went the same way. Through bitter experience he has learned that no man can beat another at his own game. While he is in deep disgrace and face to face with charges that may land him behind prison bars, the men who fleeced him are still basking in the sunshine of an easy life and ready for more victims. His fate should be a lesson to boys who hope to get something for nothing and are tempted to seek a soft snap in life instead of getting down to business.

Woodrow Wilson's luck, which has gone with him from the beginning, never failed him even on the day of his inauguration, for in striking exception to the rule, the day was an unusually favorable one.

## OLD TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost every one knows the value of such a combination for keeping the hair a good, even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a hair tonic of this kind was to make it in the home which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

## SCHOOL APPROPRIATIONS BILL FAILS IN HOUSE

Oklahoma City, March 6.—The educational appropriation bill failed of passage in the house of representatives Wednesday by two votes, but as notice of a motion to reconsider Thursday was lodged, another vote may be necessary.

Forty-seven members voted against the bill on final passage, largely because it carried appropriations for institutions which many of the members want to abolish, as well as for the institutions about which there is no dispute.

The house passed finally the Glasco "loan shark" bill, one of the trio of "interest" or anti-usury bills of which Mr. Glasco is author, and passed to final roll call the anti-gambling bill, which provides heavy penalties for gambling and gamblers, prohibits slot machines, and makes owners of property in which gambling establishments are maintained equally liable with the gambling hall operators.

## HOUSE PREFERS CHARGES AGAINST BALLARD

Oklahoma City, March 6.—The house adopted the articles of impeachment against Insurance Commissioner Perry A. Ballard Wednesday afternoon by a vote of 86 to 2. Representatives Morris and Welty passed and under the rules were counted as voting "no."

The articles as adopted by the house differ little from the report of the committee on impeachment and removal from office a few days ago except they are more specific naming Nellie Gwinn as the woman in the case.

**Majestic—Musical Gridleys.**  
The Dascomb-Daniels Lumber Co. is preparing to move to the west side of the block on which the yard is now located, placing it on Townsend and 10th. It will be a much more desirable location than the present one and the company will fix things up in good shape.

The musical Gridleys will appear at the Majestic this evening. The fame of this talented company covers the continent and every performance adds to it. This is one of the finest attractions ever brought to Ada. In addition to this splendid musical program there will be two excellent pictures.

Wednesday afternoon Mart Lancaster was released on a bond signed by his mother, Mrs. Fleming, and brother, O. E. Lancaster. This morning County Attorney Roland filed objection to the sufficiency of the bond. The case was heard this afternoon and Judge McKeown gave him until Friday morning to secure another \$5,000 on the bond.

The program at the De Sota this evening will be one of unusual interest. The first picture will be Women Left Alone. It shows the complications which arose when the jungle man wandered to the sea and the man from the sea wandered into the jungle, each meeting the other's wife. The second picture will be A Wife's Battle.

## SENATE FAVORS CAPITOL PROPOSITION

Oklahoma City, March 6.—The McMechan resolution authorizing the legislature to accept the 650 acres of land and \$100,000 in cash given by the people of Oklahoma City for the location and erection of a state capitol building in fulfillment of its promise to the state was passed finally by the senate Wednesday afternoon by a vote of 23 to 15.

The resolution was turned over to the engrossing department with the request that it be transmitted to the house at the earliest possible date so that body may have ample time to act upon it before the end of the regular session. Immediate action on the part of the house is considered certain in view of the fact that Governor Cruce has requested that the capitol matter be cleared from the calendar of both branches of the legislature before issuing the call for the extra session.

The senators who voted for the adoption of the resolution are: Austin, Aycock, Barefoot, Blassingame, Carpenter, Curran, Dutton, Echols, Fields, Franklin, Graham, Harlin, Horton, Kendrick, McClintic, McMechan, Shaw, Sutherland, Thomas, Tucker, Warner, Watrous and Waters.

Those voting against the resolution were: Anderson, Board, Burford, Edmonson, Garrett, Jones, McAllister, McCully, Mamminger, Roddie, Russell, Sorrels, Thompson, Wilson and Vandeventer.

W. G. Martin, a farmer from near Prisco, was in town today with 24 pounds of butter and 44 dozen eggs which he sold to a local dealer. ## OWEN WORKING FOR PER CAPITA PAYMENT

March 3, 1913.

Mr. John Q. Adams, Ada, Oklahoma.  
Dear Sir: The provision in the Indian Appropriation bill allowing a per capita payment of \$100 to the Choctaws and Chickasaws was placed there by me when the bill was before the Committee. When the appropriation bill was under consideration in the senate, Senator Lodge of Massachusetts made a point of order against this item. I did everything I possibly could to have it retained and finally the matter was put to a vote in the senate, where I lost out. I assure you that I did everything in my power to get this per capita payment and will continue to do so at the next session.

Yours very truly,  
ROBT. L. OWEN.

## NEW CUNARDER

### A MAMMOTH SHIP

Glasgow, March 6.—During the past few months the work of building the new Cunard liner Aquitania has proceeded so rapidly that her builders, the firm of John Brown and Company of Clydebank, expect to have her ready for launching in about four weeks. Owing to the extraordinary size of the vessel the Clyde river is being deepened and widened opposite the shipyard, in anticipation of the launching.

It is many years since there was the same amount of interest attached to the building of a new liner for transatlantic service as is shown in the Aquitania. This interest is due almost wholly to the extreme size of the vessel. In her present condition on the slips at Clydebank she presents a wonderful spectacle, appearing something like an eleven-storied skyscraper in course of construction.

The Aquitania will have a gross tonnage of 50,000 tons, or 5,000 tons greater than the Olympic, the largest ship afloat. The Aquitania and the Hamburg-American liner Imperator, now building at Stettin, though have the same gross tonnage, though in other measurements the Cunarder will eclipse the German vessel. The dimensions of the Aquitania are 885 feet length and 95 feet beam, while those of the Imperator are 710 feet length and 90 feet beam.

Ever since the contract for the Aquitania was awarded to the Clydebank builders in December, 1910, it has been generally known that the new vessel was to be the largest ship ever built; but it has not been generally realized how very much larger the ship was to be than any of the huge liners which have excited wonder in the past by their great proportions. As already stated the new vessel will have a much greater tonnage than the White Star liners Olympic and her sister ship the ill-fated Titanic. Those record-breakers of but a few years ago, the Baltic and the Adriatic, length 709 feet and

## It Makes All the Difference In the World

That's what you say when you tell your friends about your shopping expeditions. It may be the principals of the store, the service it offers or the quality of the goods it sells that you are discussing. But the difference to you means your satisfaction or disappointment.

You will find when you deal with the merchants who advertise in the NEWS that the difference stands always for satisfaction. Each store values its reputation too much to risk disappointing you. Each wants your good will. So they direct every effort to serve you best and give you the best values.

## Remarkable Catarrh Cure

Gets Right into the Affected Parts  
and Stops Gathering in Eyes,  
Nose, Throat and Lungs.

By a long series of elaborate experiments at the Swift Laboratory it is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxin remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure blood-making materials to enter the intestines, combines with these food elements to enter the circulation in less than an hour.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils and all scrofulous conditions. For special advice on any blood disease write in confidence to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. at your druggists.

### Many States Represented.

Washington, D. C., March 6.—Delegates appointed by the governors of more than half the States of the Union were on hand today when the Federal Good Roads Convention began its sessions at the Raleigh hotel. The convention, which meets under the auspices of the American Automobile association, aims to impress upon Congress the wisdom of granting liberal appropriations from the national treasury to aid in highway improvements throughout the country.

## CLOGGED NOSTRILS OPEN AT ONCE HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils;

penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.  
Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold with it's running nose, foul mucous dropping into the throat and raw dryness is distressing but truly needless.  
Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.  
Gwin & Mays Drug Co., Ada, Okla.—adv.

## NORMAL NEWS.

(By Mollie Cassidy.)  
Mrs. Grace Nash of the National Y. W. C. A. organization will address the members of the local Y. W. C. A. at the normal tonight. The young ladies of the town are cordially invited to attend.

Miss Rogers of Sulphur, has entered school to remain through the summer term.

Baseball is coming O. K. Coach Little is putting the tyros through all the kinks and the embryo Matthews, Cobbs, Chances, etc., are taking to them like a duck to the water.

Did you ever hear the like? The Y. W. C. A. will offer a box supper for the delectation of the public next Saturday week. Mr. Lilly, Mr. MacMillan and Mr. Fentem are the only avowed candidates for the "taffy" that is to be awarded to the ugliest member of the faculty. What next?

Eb Reed has entered school and will try out for the baseball team. Watch out somebody will have to go some if Eb don't make it in a walk.

If you think the Ada Normal band is not "it" just listen. They have been at work about two months and are ready to show what they can do. They are not asking the people of Ada for one cent and are disposed to pose as "the Ada band." In order to equip themselves with uniforms and some much needed instruments, they are offering two excellent entertainments to raise funds for this purpose. The first is the Protean Concert Company, which will appear at the Normal auditorium next Monday evening.

The people of Ada remember Mrs. Ribheldaffer of our chautauqua two years ago, and the soprano of this company is said to be her peer in every point. This, then will be one of the best entertainments of the season—and you know what the Normal has been offering this season.

The price of admission is only 35 cents and you are urged to attend

### Preparing for Big Meet.

For the purpose of interesting the Oklahoma high school students in clean athletics and drawing their attention to their own State University the institution acts as their host each year at a two days olympiad in which the Scholastics of the state are the sale participants. By this means thousands of high school students are brought to Norman and are informed as to what the State University can offer to them in the way of completing their education. The high school graduates are thus given a stimulus to go higher in their search for knowledge, and avail themselves of the educational opportunities which the state has provided for them.

The big meet for the Oklahoma high schools will be held at Norman this year on April 25th and 26th. The committee having the meet in charge is daily receiving information from schools never before entered in the meet stating that they will send teams this year while other schools are sending more entries this year than in the past. A change which will work to the just benefit of the smaller schools of the state divides the schools into two classes. Those in Class A are the ones having won the largest number of points in previous meets, while class B comprises the other schools. Medals will be awarded those taking first points in each class and the team winning the most number of points in each class will be awarded a silver loving cup. In addition to the athletic contest there will be a musical contest and the championship debate of the Oklahoma high schools.

## MURDER TRIAL SET FOR MARCH 17

Wednesday afternoon attorneys for Crockett Daggs, Jim Rogers and Mari Lancaster filed a motion to quash the indictment. It was overruled by the court and they filed a demurrer which was also overruled. The defendants then entered a plea of not guilty and the case was set for trial on March 17.

### Senator Kenyon to Address Editors.
